CUTTING OUT THE VARIABLE STAR BLOCKS

At the end of these directions are three different options for constructing one of the Variable Star Blocks - rotary cutting, templates, and foundation pattern - all generated from Electric Quilt 5.

Foundation Pattern Notes: The entire pattern does not fit on one page, because this is a 12½" x 12½" unfinished block on 8½" x 11" paper. Before you cut out the foundation patterns, line up the two pages on a light box or in front of a window. Use the long and short dashed lines as your guide and tape the two pages together to get the full pattern.
